2019 Unit Selection

Students should enroll in the sequence shown in their program map above. Any student studying out of sequence should contact their Course Coordinator prior to enrolling. Students should enrol for both Semester 1 and 2.

Click HERE for a list of elective unit offerings for 2019

You must enrol for both semesters, not just Semester 1. Not only is this a requirement of the Academic Regulations, but ACU also uses enrolment information to understand the demand for each unit and schedule enough spaces. Semester 2 tuition fees are not due until August, and remember, you can always amend your enrolment prior to the census date.

Professional Practice

Students participating in Professional Practice or Community Engagement activities might be asked to complete a range of background checks, certifications, immunisations and registrations as required by Federal and State/Territory laws prior to commencing their placement, practicum or field experience. Please refer to the Work Integrated Learning webpage to see which requirements you need to fulfil for your study program in your State/Territory. Further information can also be obtained from your Course Coordinators as listed above.

The Core Curriculum

All undergraduate students are required to complete the University Core Curriculum as part of their course. The Core Curriculum is comprised of three units and further information on its structure can be found on the Core Curriculum webpage. The Core Curriculum units specific to your course are indicated on the course map and can also be found in the Handbook.

The Australian Catholic University Core Curriculum has been designed to focus on aspects of the University’s identity and mission. These units emphasise critical judgment, clear expression, ethical decision-making and concern for others, as individuals and as a community.

The two University Core Curriculum units are:

- UNCC100 Self and Community: Exploring the Anatomy of Modern Society;
- UNCC300 Justice and Change in a Global World;

The third unit making up the Core Curriculum is a Core Curriculum Community Engagement unit that is also specific to each program, serving to draw the Core Curriculum experience together and offering students an opportunity to live the Core Curriculum in action.

Alternatively, students may be eligible to take PHIL102 Theories of Human Nature or PHIL104 Introduction to Ethics in place of UNCC100; and PHIL320 Ethics, Justice and the Good Society in place of UNCC300. Full details of the eligibility requirements are available on the Philosophy Units section of the Core Curriculum website. For details of unit offerings please follow this link.

UNCC100 and UNCC300 (but not PHIL102, PHIL104 or PHIL320) are often taught over differing week patterns to allow for student placements at various times during semester. Students should take special care to note the week pattern of tutorials when they allocate in tutorial direct to ensure that they are choosing the correct stream for their course.
