GET STARTED!
Click through the links below to information in this Guide

STEP 1 Have a look at your Course Map for the structure of your course. This may vary depending on the campus and the year you started the course. Make a note of the core units you need to enrol in for 2019.

STEP 2 Make sure you’ve read the Course Information. It has links to the Handbook, which contains information on the major, minor and specialisation options available in your course. Be sure you are familiar with the rules and structure of your course.

STEP 3 Head over to the Enrolment page on the ACU website. You’ll see step-by-step instructions on how to enrol in units via Student Connect. Please enrol for the whole year. Remember, you can change your Semester 2 enrolment up until the second week of semester and won’t be charged Semester 2 fees until August. Units may be cancelled if enrolment numbers are too low.

The Course Enrolment Guide is designed to assist you in the selection of units and to ensure that you are aware of the requirements of your degree, diploma or certificate. Specific information relating to unit content and assessments will be provided by your School.

Before you go, did you know?
Course Enrolment Guides can change so you should check the website for the latest updates. Additional information from your School, Faculty and the University will be sent to your ACU student email address so make sure you’ve got it set up and you check it regularly. All your email communication with University staff must be sent from your ACU student email account.

1 EXSC669 Exercise Rehabilitation for Return to Sports Performance includes a 2-day intensive, on-campus (attendance) component in Melbourne or off-shore by invitation.

PLEASE NOTE:

All units are delivered in the mode indicated in the map above.

Students who do not follow the sequence recommended in their Course Map cannot be guaranteed a clash free timetable or completion within the normal course duration period. Any student studying outside the above sequence should consult with their Course Coordinator prior to enrolling.

STUDY MODES

Attendance: Unit delivered primarily via face-to-face or video conference attendance, at an ACU campus or another location.

Multi-mode: Unit delivered via a combination of online content and a compulsory attendance component (including examinations, practicums, residential, etc.)

Online: Unit delivered fully online (including assessments).

2. COURSE & UNIT INFORMATION

Course Structure

The ACU Handbook provides detailed information about each ACU course, including minimum duration, requirements for completion, exit points, any available majors/minors/specialisations, Core Curriculum units and descriptions of units. Please follow the links below to view the rules for your course:

2019 Unit Selection

You must enrol for both semesters, not just Semester 1.

Not only is this a requirement of the Academic Regulations, but ACU also uses enrolment information to understand the demand for each unit and schedule enough spaces. Enrol now for the full year so you don’t miss out on the units you want. You can easily change your Semester 2 units later if you change your mind. Remember, Semester 2 tuition fees are not due until August.

Please note that study modes and unit availability are subject to change and not all units are on offer at all times. Students should enrol in the sequence shown on their course map.
