2019 Unit Selection

You must enrol for both semesters, not just Semester 1.

Not only is this a requirement of the Academic Regulations, but ACU also uses enrolment information to understand the demand for each unit and schedule enough spaces. Enrol now for the full year so you don’t miss out on the units you want. You can easily change your Semester 2 units later if you change your mind. Remember, Semester 2 tuition fees are not due until August.
Please note that study modes and unit availability are subject to change and not all units are on offer at all times. Students must refer to their course map first, and then check the relevant elective offering list below for 2019 unit availability prior to enrolling.

The Core Curriculum

All undergraduate students are required to complete the University Core Curriculum as part of their course. The Core Curriculum is comprised of three units and further information on its structure can be found on the Core Curriculum webpage. The Core Curriculum units specific to your course are indicated on the course map and can also be found in the Handbook.

The Australian Catholic University Core Curriculum has been designed to focus on aspects of the University’s identity and mission. These units emphasise critical judgment, clear expression, ethical decision-making and concern for others, as individuals and as a community.

The two University Core Curriculum units are:

- UNCC100 Self and Community: Exploring the Anatomy of Modern Society;
- UNCC300 Justice and Change in a Global World.

The third unit making up the Core Curriculum is a Core Curriculum Community Engagement unit that is also specific to each program, serving to draw the Core Curriculum experience together and offering students an opportunity to live the Core Curriculum in action.
Alternatively, students may be eligible to take PHIL102 *Theories of Human Nature* or PHIL104 *Introduction to Ethics* in place of UNCC100; and PHIL320 *Ethics, Justice and the Good Society* in place of UNCC300. Full details of the eligibility requirements are available on the Philosophy Units section of the Core Curriculum website. For details of unit offerings please follow this link.

UNCC100 and UNCC300 (but not PHIL102, PHIL104 or PHIL320) are often taught over differing week patterns to allow for student placements at various times during semester. Students should take special care to note the week pattern of tutorials when they allocate in tutorial direct to ensure that they are choosing the correct stream for their course.
