GET STARTED!
Click through the links below to information in this Guide

STEP 1 Have a look at your Course Map for the structure of your course. This may vary depending on the campus and the year you started the course. Make a note of the core units you need to enrol in for 2019.

STEP 2 Make sure you’ve read the Course Information. It has links to the Handbook, which contains information on the major, minor and specialisation options available in your course. Be sure you are familiar with the rules and structure of your course.

STEP 3 Head over to the Enrolment page on the ACU website. You’ll see step-by-step instructions on how to enrol in units via Student Connect. Please enrol for the whole year. Remember, you can change your Semester 2 enrolment up until the second week of semester and won’t be charged Semester 2 fees until August. Units may be cancelled if enrolment numbers are too low.

The Course Enrolment Guide is designed to assist you in the selection of units and to ensure that you are aware of the requirements of your degree, diploma or certificate. Specific information relating to unit content and assessments will be provided by your School.

Before you go, did you know?
Course Enrolment Guides can change so you should check the website for the latest updates. Additional information from your School, Faculty and the University will be sent to your ACU student email address so make sure you’ve got it set up and you check it regularly. All your email communication with University staff must be sent from your ACU student email account.
1. COURSE MAPS

Master of Psychology (Educational and Developmental)

Students who commence this course prior to 2017 or who are out of sequence due to progress issues or part-time enrolment should seek a course advice meeting with the relevant Course Coordinator.

**PLEASE NOTE**

All units are delivered in Attendance mode, unless otherwise indicated. Pre-requisites are added in italics.

Students who do not follow the sequence recommended in their Course Map cannot be guaranteed a clash free timetable or completion within the normal course duration period. Any student studying outside the above sequence should consult with their Course Coordinator prior to enrolling.

**STUDY MODES**

**Attendance:** Unit delivered primarily via face-to-face or video conference attendance, at an ACU campus or another location.

**Multi-mode:** Unit delivered via a combination of online content and a compulsory attendance component (including examinations, practicums, residential, etc.)

**Online:** Unit delivered fully online (including assessments).
2. COURSE & UNIT INFORMATION

Course Structure

The ACU Handbook provides detailed information about each ACU course, including minimum duration, requirements for completion, exit points, any available majors/minors/specialisations, Core Curriculum units and descriptions of units. Please follow the links below to view the rules for your course:

2019 Unit Selection

You must enrol for both semesters, not just Semester 1.

Not only is this a requirement of the Academic Regulations, but ACU also uses enrolment information to understand the demand for each unit and schedule enough spaces. Enrol now for the full year so you don’t miss out on the units you want. You can easily change your Semester 2 units later if you change your mind. Remember, Semester 2 tuition fees are not due until August.

Please note that study modes and unit availability are subject to change and not all units are on offer at all times. Students should enrol in the sequence shown on their course map.

Master of Psychology (Educational and Developmental)

Additional Course and/or Unit Information

This is an intensive course. Attendance at all lectures and workshops is compulsory, and students who enrol full time do not have the typical university breaks across the year. Full time students will need to commit at least 40 hours per week to successfully complete all course requirements. Part time enrolment is possible. Please note that practicum units may not always be completed within a one semester block and may extend into subsequent semesters in order for you to achieve your learning goals.

Professional Practice

Students participating in Professional Practice or Community Engagement activities will be asked to complete a range of background checks, certifications, immunisations and registrations as required by Federal and State/Territory laws prior to commencing their placement, practicum or field experience. Please refer to the Work Integrated Learning webpage to see which requirements you need to fulfil for your study program in your State/Territory. Further information can also be obtained from your Course Coordinators as listed above.
3. GETTING ADVICE

Course Advice

Course Coordinators and/or Course Advisors are available to assist you with course advice. Students should in the first instance contact the Course Administrator on their campus. If required, your query will be referred to a Course Advisor or the National Course Coordinator. Please email your enquiry or request to make an appointment.
