### 2.2 The Core Curriculum

**Compulsory for all undergraduate courses**

All undergraduate students are required to complete the University Core Curriculum as part of their course. The Core is comprised of a total of two units and further information on its structure can be found on the [Core Curriculum](http://handbook.acu.edu.au/899134) webpage.

The Australian Catholic University Core Curriculum has been designed to focus on aspects of the University’s identity and mission. These units emphasise critical judgment, clear expression, ethical decision-making and concern for others, as individuals and as a community.

The two University Core units are:

UNCC100 Self and Community: Exploring the Anatomy of Modern Society

UNCC300 Understanding Self and Society: Contemporary Perspectives

These units are often taught over differing week patterns to allow for student placements at various times during semester. You should take special care to note the week pattern of tutorials when you allocate in Tutorial Direct to ensure that you are choosing the correct stream for your course.

### 2.3 Industry Experience
Students participating in Industry Experience or Community Engagement activities might be asked to complete a range of background checks, certifications, immunisations and registrations as required by Federal and State/Territory laws prior to commencing their placement, practicum or field experience. Please refer to the Professional Practice webpage to see which requirements you need to fulfil for your study program in your State/Territory.
