Course Information

There have been some major changes to units in your degree for 2018 that you must be aware of:

1) GLST200 has been replaced by SOCS243. Students who commenced study in 2017 or prior can still count GLST200 towards the requirements for the Bachelor of Laws/Bachelor of Global Studies. If you have not successfully completed GLST200, you will be required to complete SOCS243 in its place.

2) GSLT201 has been replaced by GEOG207. Students who commenced study in 2017 or prior can still count GSLT201 towards the requirements for the Bachelor of Laws/Bachelor of Global Studies. If you have not successfully completed GSLT201, you will be required to complete GEOG207 in its place.

Study Abroad or Global Studies International Internship Program

Going overseas will help you to become more globally aware. You will be able to learn in a global context and gain confidence, developing work-ready skills and independence. This can build your CV. There is more information on our LEO site https://leo.acu.edu.au/course/view.php?id=14982. You can self-enrol into the site if you are not currently enrolled in it.

There are two options to choose from and both are worth 40cp towards your degree.

Exchange Program
You can choose to go on an Exchange program with one of ACU’s partner universities. You would then undertake the equivalent of 40cp of units at the partner organisation. Note that you need to have completed 120cp of study and have a GPA of 4.5 to partake in this program. (See information later on GPA requirement.) More details on the exchange program can be found at: https://www.studentportal.acu.edu.au/acuinfo/cao/so

Internship
The internship involves work experience overseas where you can apply your university learning in the real world. The experience needs to be 10-12 weeks fulltime. You are also required to undertake some studying and assessments prior to, during and post your internship. You need to have completed 120cp of study, must apply in December of the previous year and must have your application approved by the Faculty of Education and Arts well before your departure.

How does it fit into the degree?
Note that it is COMPULSORY to undertake an international experience during your degree. Students who start the course in February will undertake this in their 6th semester of study (or second semester of their third year). These times are not changed easily as they need to fit in with your full degree structure and also allow you to apply for certain types of funding.

First Year Students:

- Watch out for emails about information sessions and make sure that you attend them or listen to them online
- Start thinking about where you would like to go and whether you would want to do an exchange or internship
- Work hard so that you maintain a GPA of more than 4.5 (see information on this at the end)
• While some of your costs will be covered, there may be additional costs associated with your living expenses or internship.

Second Year Students:

• Watch out for emails about information sessions and make sure that you attend them or listen to them online.
• Identify a couple of partner universities if you want to do an exchange.
• Identify possible internships or organisations you might do an internship with, if you want to do an internship.
• After learning all you can about the process, start getting all your documentation together in second semester of year prior to your experience.
• Apply in December of the previous year.
• Obtain a working with children check.

Third Year Students

• Obtain sign-off on all documentation.
• Internship students undertake course work prior to undertaking their internship.
• Go on your experience, work hard, learn about other countries and people, have fun.

Costs and Funding
There will be a number of additional costs associated with the overseas exchange or internship that are not covered by your fees, for example, accommodation, food, additional travel and airfares. If you use an organisation to find you an internship, they may also charge you. Please ensure that you save for these and/or apply for appropriate funding. The information sessions that you will attend will provide you with additional information on funding options.

Working with Children and Police Checks

Those students participating in the Global Studies International Internship Program must obtain background checks as required by Federal and State/Territory laws if their proposed work might involve working with children. Please refer to your Faculty’s Work Integrated Learning [1] webpage for requirements in your local State or Territory. Your application for the GSIIP should include evidence of the relevant Federal and/or State working with children and police checks, where relevant.
