GET STARTED!
Click through the links below to information in this Guide

The Course Enrolment Guide is designed to assist you in the selection of units and to ensure that you are aware of the requirements of your degree, diploma or certificate. Specific information relating to unit content and assessments will be provided by your School.

**STEP 1** Have a look at your Course Map for the structure of your course. This may vary depending on the campus and the year you started the course. Make a note of the core units you need to enrol in for 2017.

**STEP 2** Make sure you’ve read the Course Information. It has links to the Handbook, which contains information on the major, minor and specialisation options available in your course. Be sure you are familiar with the rules and structure of your course.

**STEP 3** Next up, check the Unit Information for details about elective units offered at your campus this year. Pay particular attention to prerequisite requirements.

**STEP 4** Head over to the Enrolment page on the ACU website. You’ll see step-by-step instructions on how to enrol in units via Student Connect.

**Before you go, did you know?**
Course Enrolment Guides can change so you should check the website for the latest updates. Additional information from your School, Faculty and the University will be sent to your ACU student email address so make sure you’ve got it set up and you check it regularly. All your email communication with University staff must be sent from your ACU student email account.

Pre-requisite units are shown in italics and parentheses. These units must be completed before the unit above them.

Students enrolling in units which do not follow the sequence recommended in their Program Map or who fail a unit cannot be guaranteed a clash free timetable.

Units in green provide online lectures and a choice of online or face to face tutorials. Please note that in some cases tutorials may only be available online with a final examination on campus. International students must choose face-to-face tutorials where available.

**Professional Pathway Units**

**Application Development**
- ISYS627 10 Object Oriented Programming (ISYS618)
- ISYS637 10 Advanced Applications Development (ISYS627), OR Business Analysis
- ISYS628 10 Business Process Modeling (ISYS616)
- ISYS638 10 Business Analysis (ISYS628),
2. COURSE INFORMATION

PLEASE NOTE:
All units are delivered in Attendance mode, unless otherwise indicated. Prerequisite units are indicated in italics. Students who do not follow the sequence recommended in their Course Map cannot be guaranteed a clash free timetable or completion within the normal course duration period.

STUDY MODES
Attendance: Unit delivered primarily via face-to-face or video conference attendance, at an ACU campus or another location.
Multi-mode: Unit delivered via a combination of online content and a compulsory attendance component (including examinations, practicums, residential etc).
Online: Unit delivered fully online (including assessments).

PREREQUISITES
A prerequisite is a requirement that must be met by a student before enrolment in a stipulated unit. It is your responsibility to ensure that you meet all prerequisites prior to enrolling in a unit.

ELECTIVES
Electives may be chosen from postgraduate units taught within the Peter Faber Business School or from other Faculties of this University providing pre-requisite requirements are met and your course coordinator approves. Once you have enrolled in your core units you can select an elective that avoids timetable clashes.

Please note that unit availability and study modes are subject to change.
Course Rules

The ACU Handbook provides detailed information about each ACU course, including minimum duration, requirements for completion, exit points, any available majors/minors/specialisations, Core Curriculum Program units and descriptions of units. Please follow the links below to view the rules for your course:
